FOUND DEAD.

Mrs. Mariah Crawford Found Dead at the Residence of her Daughter, Mrs. Howard French.

Mrs. Mariah Crawford was found dead in bed Thursday morning at the home of her daughter, Mrs. Howard French on East Main St. She retired Wednesday night feeling well and her sudden death was a great shock to the family. Hemorrhage of the lungs was the cause.

Mrs. Crawford was the daughter of Toliver Young, of Bath county, born in January 1832, thus being in her 78th year. She was the wife of James M. Crawford, (deceased), who was Circuit Clerk of Montgomery county for a number of years.

For more than fifty years Mrs. Crawford has been a member of the Christian Church, and although her health would not permit her taking an active part in the Christian work, her heart and soul were with the Christian workers.

Mrs. Crawford was a woman of rare type, her character was indeed a lovable one, and the beautiful life that she led would certainly be an example well worth our while.

She is survived by two children, Mrs. Howard French, of this city, and Mr. James M. Crawford, a prominent attorney of Columbus, Ga.

The funeral services were held at the Christian Church Saturday morning at 10 o'clock, services were conducted by Rev. H. D. Clark and the burial in Macphail Cemetery.

To the heart broken son and daughter we extend our deepest sympathy in the loss of such a true and loving mother as was Mrs. Mariah Young Crawford. "Peace to her ashes, rest to her soul."

W. W. Ginn Marries.

W. W. Ginn and Miss Laura B. Testerman, both of this city, were quietly united in marriage last Wednesday evening, the Rev. H. D. Clark, officiating. The wedding took place at the residence of Rev. Clark and the happy couple left immediately for Cincinnati and other points on a short bridal trip. Both parties are well known and popular in this city.

Mr. Ginn has held a responsible position with L. F. Tabb for a number of years. We join their many friends with best wishes.

Public Sale.

O. B. Clark will have a public sale of horses, mules, hogs, cattle, bees and all farm implements at his late home 3 miles from town on Winchester pike, on Saturday, October 15, at 10 o'clock.

Pure pork sausage, Vanarsdell's.

Talk Three

Nobody will ever call you a crank, or think you are, should the fact become known that you died well insured. Hasn't it occurred to you, when you have heard that some one you knew had taken out a goodly policy, that it was a piece of sagacity? Probably in exactly you said to yourself, "Well, that's the kind of a man he is."

What better reputation could a man have than for doing sagacious things? It is sagacious to be well hedged against human uncertainties. The saving of a portion of your income is nothing more than the squirrel does every day; but when, as autumn comes in, that frisky little quadruped scours the forest, and tells day in and out to hoard nuts—that's Life Insurance!

Some men don't reflect on these things until the reflecting time is past. You'll never catch a squirrel, even, so negligent; and it hasn't as much brains as you could pour into your watch case.

But there's more in the subject of Insurance than "figures of speech."

A. G. HOFFMAN, General Agent, Mt. Sterling, Kentucky

HOPKINS-SHARP.

Mr. Henry Hopkins and Miss Anna Jefferson Sharp United in Marriage at Lexington Monday.

Mr. Henry Thomas Hopkins, of Bourbon county, and Miss Anna Jefferson Sharp, of Sharpshurg, were married at noon Monday by Rev. Mark Collis at his residence in Fayette Park, Lexington. The young couple left in the afternoon for Louisville to attend the Horse Show, but will return to Lexington on the latter part of the week for a short visit with friends before going on an extended bridal tour through the west. They may settle in Oregon.

Both parties are prominently known in Mt. Sterling, where they have been frequent visitors. The bride is a daughter of the late Hon. Waller Sharp and is an exceedingly attractive and popular girl. Mr. Hopkins has a host of friends in Mt. Sterling, who join us with congratulations.

Episcopal Church Convention.

The triennial convention of the Protestant Episcopal Church in session in Cincinnati, refused to change the name of the church. The "open pulpit" question was decided, it being held that only regularly ordained Episcopal ministers may use the pulpits of the churches. A collection of \$242,110.83 was taken up.

Off for Illinois.

Grover Richardson, wife and two children, left yesterday for Illinois. They will make the trip in a wagon and will be on the road about ten days. When they come from Illinois a few years ago they made the trip the same way.

GAS EXPLOSION

Frank Pickrell and Roger Hoffman Knocked Down and Painfully Injured By the Explosion.

While attempting to use natural gas instead of coal in firing a boiler at Kirkpatrick & Clay's warehouse Tuesday morning, Frank Pickrell and Roger Hoffman were knocked down and painfully injured by the gas exploding.

Their eyes were filled with asbestos and cement, and it required Dr. Reynolds some little time to pick it out.

Mr. Pickrell and Mr. Hoffman are both doing nicely, and it is expected they will soon be able to attend to business again. Their injuries though painful, are not thought to be dangerous.

Inhalatorium Installed.

Dr. D. H. Bash has just had installed in his office in the Jordan Building one of the latest cabinet inhalatoriums on the market to be used in the treatment of lung and throat trouble and various other diseases.

Mainleat Second in Two-Year-Old Futurity.

Mainleat, the splendid two-year-old trotter, owned by James R. Magowan, of this city, was second in the two-year-old futurity at Lexington, last Wednesday. Considering the condition of the colt, which has been sick, his showing was especially fine. Much credit for finishing where he did is due Mr. H. B. VanEvera, his driver and trainer, who made an excellent drive. Mainleat is caroled to start again Thursday, Oct. 13, 1910.

Outlaw Surrenders.

John Dietz, the Wisconsin Outlaw, who held off a Sheriff's posse for several days near Winter, Wis., has surrendered after receiving a severe wound in the hand. His son also was wounded. Dietz is charged with murder and other offenses.

Exactly So.

A passenger and freight automobile line from Mt. Sterling, thru Sharpshurg, to Carlisle, making two trips daily, would make money. Here is a chance for some one to do well.—Bath County World.

The very latest styles in cloaks and suits ever shown in Eastern Kentucky will be on display at our store Friday and Saturday, Oct. 14 and 15. S. M. Newmeyer.

Mrs. Carroll Hamilton will give an elaborate reception the evening of the marriage to the bridal party and their guests, who will comprise the social set of Central and Eastern Kentucky.

Our City School and Town Library.

The School Board of this city has adopted a graded course of reading for all students and while this course is not compulsory, credit is given those who complete any part of it. Such a course encourages the student to read good literature and prevents the reading of much that is detrimental.

The Library Board has procured for the Public Library all books recommended in the reading lists, and in order to defray the expenses incurred thereby, has decided to have a "Tag Day." This movement should receive the enthusiastic support of every citizen of Mt. Sterling who has at heart the educational progress and welfare of the children of the community.

Mt. Sterling Boys To The Front.

Mr. R. L. Coleman ("Bob") Special Agent for the State Mutual Life Assurance Company of Massachusetts, of which Mr. H. G. Sheriff's Office Repaired.

Sheriff W. F. Crooks has had a railing placed in his office, which partitions a part of it off so that he can have some privacy. This has been badly needed for a long time and will help him and his obliging deputies a great deal in dispatching business during the busy tax season which will soon be on.

Don't fail to see our up-to-date line of cloaks and suits Friday and Saturday, Oct. 14 and 15. You can't afford to miss this opportunity of meeting an experienced representative from the city.

Thieves Break Into Store of Owen Laughlin & Son.

Sometime Saturday night thieves forced an entrance by breaking open a window in the rear of the building of Owen Laughlin & Son and after ransacking all the drawers in the house and attempting to open the safe, left without securing anything of value evidently only being on the search for money.

Mr. Frank Laughlin laughingly said that the men who attempted this robbery were evidently crazy, for a man with a wife and ten children would not be apt to leave much money lying around loose, and that he sold his goods so cheap that it was unnecessary for anybody to steal them.

McCormick Sues Liverymen.

Some months ago Mr. L. C. McCormick, of this city, went to Georgetown and engaged in the business of carrying passengers to and from the fair grounds. In a short while it was apparent he was getting the cream of the business, which dispensed several local liverymen. When persuasion would not induce McCormick to quit running his car, he was assaulted, it is said, and badly treated. As a result he has sued several of the men alleged to have assaulted him, for \$10,000 each and has asked a change of venue, from Scott county to some county where neither side will have the benefit of any local influence.

No Indictments of Night Riders Found in Nicholas County.

The special grand jury which was empaneled by Judge L. P. Fryer, judge of the Eleventh Judicial District, to investigate the night riding in Nicholas county, has adjourned and its final report shows that it was unable to offer any evidence regarding the identity of the persons who composed the mob which visited the house of Aris Wiggins and Sam Watkins.

Taylor Nominated For Governor By Tennessee Democrats.

United States Senator Robert L. Taylor, twice times Governor of Tennessee, and whose term in the United States Senate does not expire until 1912, was nominated for Governor by the regular Democratic convention.

Governor M. R. Patterson was nominated several months ago to succeed himself, but his nomination caused a split in the party and he announced his withdrawal from the race, hoping thereby to unite the party.

It was in the interest of harmony that Senator Taylor was nominated. He accepted the nomination, but said he would not retire from the Senate unless elected Governor.

Senator Taylor will be opposed by Capt. B. W. Hooper, the Republican nominee, also endorsed by the independents.

The convention declared that the temperance question should not be an issue in the campaign.

NEEDFUL KNOWLEDGE.

Mt. Sterling People Should Learn to Detect the Approach of Kidney Disease.

The symptoms of kidney trouble are so unmistakable that they leave no ground for doubt. Sick kidneys excrete a thick, cloudy, offensive urine, full of sediment, irregular of passage or attended by a sensation of scalding. The back aches constantly, howlaches and dizzy spells may occur and the victim is often weighed down by a feeling of languor and fatigue. Neglect these warnings and there is danger of dropsy, Bright's disease or diabetes. Any one of these symptoms is warning enough to begin treating the kidneys at once. Delay often proves fatal.

You can use no better remedy than Doan's Kidney Pills. Here's Mt. Sterling proof:

R. M. Freeland, 169 W. High St., Mt. Sterling, Ky., says: "Driving affected my kidneys and the jarring of the wagon caused severe pains through these organs. I finally procured Doan's Kidney Pills at F. C. Duerson's drug store and they gave me prompt and positive relief. When I have felt any need of a kidney remedy since then, I have taken Doan's Kidney Pills and they have never failed me. Any person suffering from backache or any other symptom of kidney trouble will make no mistake in giving this preparation a trial."

SCARCITY OF BACON.

The Secret of the Matter is One Hog Going to Market While Two Are Urgently Needed.

A Chicago butcher in quest of light bacon on which his trade insists, visited every wholesale establishment in Packingtown the other day to find that none was available. Light pork loins, the kind the public clamors for, are equally scarce. Packers have changed their methods of cutting hogs radically, with the object of getting as much fresh meat as possible and putting as little product away in cellars. Consumers want fresh lean pork and light bacon; feeding and market conditions have conspired to make the hard hog popular with growers. There has been a woeful scarcity of pork loins all summer from the Atlantic to the Pacific.

A trade expert remarked recently that a million more hogs during the past eight months would have depreciated values more than 50 cents per cwt., meaning that not only the price to the consumer but the inability of the retailer to secure the proper package has greatly diminished pork eating. A loin that cuts three chops to the pound is promptly rejected and when the bacon eater cannot get the package he wants, he either buys something else or eliminates that such meat from his dietary.

Indicative of how hogs have been held to put on weight is the recent arrival at Chicago of a load 438-pound Tamworths. They were 16 months old and their belated appearance was an obvious case of oversteering the market. Last March they could have realized \$11; at this stage they had difficulty in getting \$5. In bacon form the Tamworth is a desirable hog, but in "horsey" condition killers do not want it.

The open secret of the matter is that the trade is rapidly getting into a condition where one hog is coming to market while two are urgently needed. There are none too many heavy hogs and a woeful deficiency of light stuff, but as long as prices warrant weight-making, no relief is possible, as the American bacon curer depends wholly on the surplus, marketed at deficient weight, for his supply of raw material.

"I was bothered for years with stomach trouble and gastritis. Food laid like lead in my stomach and fermented, causing gas to form. This caused a pressure on my heart, so that I choked and gasped for breath, and thought my time had come. MI-O-NA cured me after I had despaired without success."—Wm. V. Matthews, Bloomington, Ind., 1910. 14-16

Are You Wise or Unwise?

Many an unwise parent works hard and lives sparingly all his life for the purpose of giving his children a good start in the world, as it is called. Starting a young man out with money left by his relatives is like tying a bladder under the arm of one who can not swim. Ten to one he loses the bladder and goes to the bottom. Teach him to swim and he won't need the bladder. Give your child a good education. See that his morals are pure, his mind cultivated and his whole nature subservient to the laws that govern man, and you will give what will be of more value than the Indies. You have given him a start no misfortune can deprive him of. The earlier you teach him to depend upon himself the better.

THIRTY-SIX KILLED

In Terrible Wreck On Interurban Line.

Motorman Is Arrested and Admits He Made Awful Blunder That Cost Many Lives On Illinois Electric Road.

Thirty-six persons dead and thirty-one injured is now the record of casualties resulting from the collision which occurred between two electric cars on the Illinois traction system at Dickerson curve near Staunton, Ill., last week.

Motorman Liernann and Conductor Leonard, in charge of train No. 14, were arrested this morning and were held for the Coroner's inquest. Liernann made no effort to escape the officers and offered no resistance when asked to accompany them.

Conductor Leonard also went with the officers without trouble. He suffered a severe scalp wound and had been treated by a local physician and taken to his home. The men were not placed in jail, but were taken to the Kennedy House, where guarded by an officer, they were held until taken to Carlinville later to-day.

MOTORMAN ADMITS FAULT.

"Motorman Liernann, of the northbound car, admits he alone is responsible for the wreck," said H. E. Clubbuck, vice president and general manager of the Illinois Traction System, who investigated the wreck.

Liernann was noted for his carefulness and there seems to be no reason for his absent-mindedness by over-running a meeting point at Wallsiding.

"Both train orders are absolutely clear to the minutest detail, showing the dispatching to be flawless."

Included among the passengers were three officials of the Illinois traction system. W. W. Street, the superintendent of the St. Louis-Springfield division, was one, and the others were John E. Berry, land commissioner, and D. E. Black, master mechanic.

ORDERS DISOBEYED.

It is said that on the reading of a few words scrawled on a bit of flimsy tissue three inches wide and five inches long depends the responsibility for the wreck. That bit of paper is being jealously guarded in the dispatcher's office. A duplicate of the order was taken from Conductor Leonard, of one of the cars.

Do You Gamble?

Some people do by spending their time and labor and money by housing a crop of hay, oats and other farm produce, and keeping thousands of dollars invested in live stock housed in barns, and gamble with themselves that it will not burn. DO YOU?

Other people place their savings in a home and handsome furniture and then gamble on their luck that it will not burn. DO YOU?

Still others invest thousands in factories, mills, warehouses and other things subject to fire, and think they can, by careful watching, prevent a fire. DO YOU?

To all persons gambling with themselves against loss by fire, wind or tornado, we would suggest you give the matter careful consideration. Can you afford to take chances of losing part or all of your accumulations for a lifetime by gambling on your luck? We think not. See us before it is too late, and do not gamble with yourself.

To Tobacco Growers of Montgomery County.

The time has come when the tobacco growers of Montgomery county must be up and doing if they wish to realize a fair price for the 1910 crop.

The Barley Society has been forced by the lack of support of the growers of the State to put the 1909 pool on the market. We all must know what that will mean to the tobacco market. It can only result in starvation prices this year. Can any tenant make both ends meet on his crop at prices from eight to ten cents? Mr. Toewater says that will be the price this year. There is only one thing that will stop the sale of the 1909 pool. The growers of the State can do it, and no one else. If the people will do their duty and make a strong pool, it will not only stop the sale of one hundred and twenty million pounds of tobacco, but will insure a good price also for the 1910 crop. You must decide for one or the other, and you must do it quickly. Every grower in the county must take one side or the other, there is no middle ground. If you think you can talk it off and remain out you will find it different November 1st, that we are all out. No reasonable man can object to signing his tobacco under the offer made by the Barley Tobacco Society last week. I appeal to each grower in the county to wake up before it is too late, and go to work to get something for your labor. Mr. Landlord here you heard the "whisper" that is abroad; that if tobacco sells at ten cents the tenant will ask three fifths of the crop next year, or he will quit raising the weed. Let Landlord and tenant both come to meeting next Saturday at 1:30 o'clock at Court House and get behind the pool and settle the question for all time to come; it means much for our County and State.

Chairman of County Board.

BLOODY REVOLUTION

News of Great Uprising in Portugal Confirmed, But Conflicting Details of Kings Fate Are Received.

Latest cable advices officially confirm that Portugal is swept by a revolution of far-reaching extent, threatening the safety of the royal family and the existence of the monarchy itself.

The royal palace at Lisbon has been under bombardment from warships, which have made common cause with the revolutionists. The extent of the destruction and loss of life is not yet known, owing to the vigorous censorship and the interruption of telegraphic communication.

King Manuel apparently has fled from the capital and sought refuge on board a warship, either Brazilian or British. Early advices to the French Foreign Office stated that the King was still at the palace resisting the advance of the revolutionists.

Later the Brazilian legation at Paris was advised that the King had taken refuge on board the Brazilian battleship Sao Paulo, now at Lisbon, in connection with the visit of President-elect Fonseca, of Brazil. British warships have been rushed from Gibraltar to the scene of disorder and the Paris Temps, a governmental paper, is informed that the King has gone aboard one of the British ships.

FEAR FELT FOR ROYAL FAMILY.

At Rome grave fear is felt that the royal family will be imprisoned and possibly meet a tragic fate similar to that of King Carlos.

Detailed reports from Paris coming through roundabout channels assert that after desperate fighting in the streets of Lisbon the royal standard was torn down and the flag of the republic raised over the royal palace.

Censored dispatches that reached the Spanish frontier indicate that a large part of the garrison of Lisbon has gone over to the revolutionists.

The British Government is said to be considering intervention in behalf of the safety of the members of the royal family.

LOOKED LIKE HOBO,

But He Took a \$425 Stateroom to Europe.

A man whose clothes looked shabby and dirty, went to Purser Schnell, of the Kaiser Wilhelm II., just before sailing time, and said he wanted passage to Europe.

His appearance was such that the purser asked rather dubiously: "Do you want a first cabin room?"

"I do," replied the man.

"An inside room will cost you \$122.50," the purser said.

"I don't want an inside room," the man answered, with just a touch of feeling. "I want an outside room with a bath."

Whereupon he reached inside his vest and pulled out a roll of bills that compared well in size with his dingy derby. Around the outside was wrapped a \$10,000 note, and from the inside he extracted a bill or two to pay the \$425 his accommodations cost him.

The purser suggested that so much money should be left in the vault for safekeeping, but the owner thrust it back into his pocket.

The man was found in his cabin. He said he was Wilhelm Cessel, but he wouldn't tell anyone about himself.

"I'm from the woods," he said, "but I've got the stuff, and that's all you need know."

"I know what is good for young and old people," writes Mrs. Clara Dykstra, a trained nurse of South Bellingham, Wash., "and will say that I consider Cardui the best medicine for girls and women. It makes them feel like new persons, relieves their pain and regulates womanly troubles. Both my daughter and I received great benefit."

Like Finding Money.

W. S. Lloyd, the popular druggist, is making an offer that is just like finding money for he is selling a regular 50 cent bottle of Dr. Howard's celebrated specific for the cure of constipation and dyspepsia at half price. In addition to this large discount he agrees to return the money to any purchaser whom the specific does not cure.

It is only recently through the solicitation of Druggist W. S. Lloyd that this medicine could be bought for less than fifty cents. He urged the proprietors to allow him to sell it at this reduced price for a little while, agreeing to sell a certain amount.

Anyone who suffers with headache, dyspepsia, dizziness, sour stomach, specks before the eyes, or any liver trouble, should take advantage of this opportunity. Dr. Howard's specific will cure all these troubles. 11 and 14.

The agitator who preaches hatred and practices slander and untruthfulness, and the visionary who promises perfection and accomplishes only destruction, are the worst enemies of reform; and the man of great wealth who accumulates and uses his wealth without regard to ethical standards, who profits by and breeds corruption, and robs and swindles others, is the very worst enemy of property, the very worst enemy of conservatism, the very worst enemy of those "business interests" that only too often regard him with keen admiration and heartily endeavor to shield him from the consequences of his iniquity.—Theodore Roosevelt in Outlook.
